May 28, 2015

This is the first REPORTER since the passing of our award-winning bulletin editor. Please bear with us through this transition.

## Farewell to Dick Fowler

We learned of the sad news of our friend and fellow Rotarian, Dick Fowler, passing away on May 15, 2015. Although Dick requested no service, at our May 21st meeting with his wife, Sue, in attendance we took a moment to honor and remember Dick. His friends, John Clark, Chris Minor and President Julie Hanrahan each shared with us some things we didn't know about Dick, some funny stories and tales of shenanigans he was involved in.

As our Club Administrator, he kept us all in line and was a stickler for the rules. He loved Rotary and was very passionate about it. He requested that those wanting to honor him make a donation to The Rotary Club of Newport to be used for youth exchange, youth scholarships or anything that helps children.

You may make a contribution by sending a check to:  
The Lincoln County foundation  
1121 SE Spruce way  
Newport, Oregon 97365  
Please put Dick Fowler in the memo line.

## Rotary Babies

*Daphne Capri & Charlotte Wienert pay us a visit*

Club Members Dustin Capri and Rob Wienert treated us to a visit from the newest and most adorable Rotarians-To-Be, Daphne and Charlotte. To make the visit even more special, the two members brought along the lovely mothers, Amanda Capri and Amanda Clendenin.

## Interact Students Work on International Project

Rotary Interact students, Larissa and Michelle, travelled to Springfield on Sunday, May 17 to work on their Rotary International project.

The club chose to support the Rotary Club of Newport's international project in Kenya and are providing sanitary supplies for school girls there. The members are actually fabricating some of the Days for Girls kits and purchasing additional kits which will be distributed this summer when the students travel to the project site.

In addition, the students presented a check for \$900 to the local Days for Girls chapter for the 50 kits they will be providing.

## Youth Exchange Student Shares Information about Spain

Rotary inbound Youth Exchange student, Carla Lago-Bergon Vazquez, presented a program about her home and culture. Carla lives in Vigo, Spain which is in the region of Galicia. The weather there is much like here except that it is warmer in the summer. Carla lives with her mother (Belen), father (Jose), and younger sister (Paula). Her older sister (Andrea) also lives in Vigo. Carla described the town she lives in, the culture and the foods of the region. Carla will graduate here in Newport and also at her home school in Vigo. She hopes to attend university - perhaps in Madrid - to study psychology. When she is not studying, Carla enjoys surfing and hanging out with her friends at the beach. Carla returns home at the beginning of July and now realizes that she appreciates and misses her family. She also has learned a lot about herself during her exchange year.
